Consular Outreach Services

The U.S. Embassy is pleased to offer consular outreach services on Yongsan USAG to USFK personnel, family members and those with base access. We hope to make access to consular services – passports, reports of birth, notarial services - easier and more convenient to our military families serving throughout Korea.

Effective April 7, 2010, U.S. Embassy consular personnel will be available for all consular services every Wednesday from 1000 - 1400 (10:00 am - 2:00 pm). Embassy personnel are available on either a walk-in or appointment basis. For appointment, please call: Yongsan Legal Office DSN: 738-8111.

If you are not able to visit us on Yongsan during our consular outreach hours, please click [here](#) for information about Military Passport Acceptance Agencies. Using a Military Passport Acceptance Agency located on your base can also save you and your family a trip to the Embassy.

Please note that all visa applications must be made at the U.S. Embassy. For visa information, please click [here](#).

We are only able to accept payment by money order in U.S. dollars for the exact amount of the service while providing consular services outside of the U.S. Embassy.
